TDS-20: Classroom Management: Strategies to Support J-1 Visa Teachers

This training provides strategies for creating a positive learning environment, tailored specifically for J-1 visa teachers. We will explore key aspects: building productive student-teacher relationships, fostering academic rigor and employing differentiated instruction. We will also focus on classroom management strategies relevant to the U.S. educational context, including navigating cultural differences, addressing diverse student populations and understanding classroom norms and expectations specific to the U.S. Participants have the opportunity to learn ways to effectively manage your classroom, enhance student learning and adapt to the U.S. educational landscape.
